Virginia Reapers for the

Dealness.—Use Dr. McNair's Acoustic Oil, for the cure of dealness; also, all those disagreeable noises like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching deafness. Many persons who have been deaf for ten, filteen, or twenty years, and were subject to use eartrumpets, have, after using one or two bottles, thrown aside these trumpets, being made perfectly well. It has cured cases of 10, 15, and even 30 years standing of deafness. Price \$1 per flask.

27 Dyspepsia and Liver Complaint cured, and all Western Fevers prevented, in every case, by the use of Longley's Great Western Indian Panacea, warranted to cure the most severe cases of the above complaints. Loss of appetite, bilious affections and indigestion, are permanently cured by its use. The great points are, it is not had to take; it does not leave the bowels costive, and never gives pain in its operations. The Panacea will remove all the bad bile from the stomach and give tone to the system, and keeps off all attacks of malignant levers. If the stomach is in a healthy state and the pores of the skin are open, so as to admit of free exhalations from the body, there can be no attack of fever. This office the Panacea will positively perform, and we recommend all to try this article if they wish to ensure health during the summer. As a family medicine, it is unparalleled for coughs, coids, and all diseases of the blood, and kidney and scrotha complaints. Soid at 63 Second street, St. Louis.

CT Have you a Cough '-Do not neglect it— HARVEST OF 1849.

The undersigned has renewed his arrangements with the patentee of the VIRGINIA REAPER for supplying the counties of Kane, DeKalb, La Salle, and Kendall, and is now prepared to receive orders for reapers for the harvest of 1849. As heretolore, the prices and terms are uniform throughout the west, and have been fixed at \$115, when paid in eash on delivery, or \$120 when paid as follows: \$30 in cash, and a judgment note payable Dec. 1, 1849, with interest from date at the time of delivery, for \$90.

The reaper, as built for the harvest of 1849, will be farther improved and much simplified, so that it is confidently expected it will give still greater satisfaction. The advantages of this machine are so well understood that the undersigned deems no farther recommendation of them necessary than a reference to those who have tested them.

They have in their composition a vegetable corpuscle, aumlagous to the corpuscle of the blood; this corpuscle of vegetable origin, becomes incorporated with the mass of the circulating life-giving fluid, and imparts a fermentative power which occasions the blood to throw out all infestial, poisonous, or peccant matters, thereby entirely purifying the whole volume of blood in the circulation.
